These don't appear very often and are highly sought after, This is an original 25th Anniversary playset from Dapol long since discontinued and as rare as rocking horse manure !!!!!!!

The set is complete, featuring 7th Doctor, Mel, K-9, Tardis, Base and tardis wall piece (often missing) and tardis console. The cover is a bit worn (due to its age) but all the items are in first class condition.

Very reluctant sale.

Not sure on the postage yet but I will contact the winning bidder to discuss postage options, this is a very rare item so it will be securely wrapped and insured, I would guess at around £10-£15 but this is not confirmed as yet.

Any other questions please ask.....
